

# Thank You So Much for Your Support

## **Menu**

Following the new guidelines and for the safety of our staff and guests we have a smaller kitchen staff and have temporarily limited our menu. (Some items are not available, but will return after we resume full operations.)

The health and well-being of our employees, guests and community is our highest priority and we want to update everyone about our ongoing and newly implemented safety measures. Taking a proactive approach, we will remain diligent in doing everything that we can to protect our customers and employees.

## **Food Safety**

Food safety and sanitation standards have played a major role in the restaurant industry forever. With these protocols already in place, and the heightened concern at this time, we are taking extra precaution in stepping up our sanitation efforts.

## **Employee Hygiene**

All of our employees have been screened daily with temperature checks since March 14th, upon entering the premises. We strictly enforce respiratory etiquette and hand hygiene techniques that are most effective at combating viruses. Our staff washes their hands regularly throughout their shifts. We are insisting a stay at home policy that requires workers to take time off at the first sign of unwellness. None of our employees have travelled outside Massachusetts and are required to inform us of any travel plans.
